Reactivity	0
Specific Hazard	0

Section 1. Product and Company Identification

Manufacturer

Ningbo Fresh Products Co. Ltd
198 Xingning Rd.
Ningbo, 315040 China
Tel: (0574) 7393212
Fax: (0574) 7393270

US Distributed By

Western Fragrant Products Corp.
Frank Zheng
2393 Miguel Miranda Ave
Irwindale, CA 91010
Tel: 626-359-1000
Fax: 626-359-1007

Product Name: Aerosol Furniture Polish 10oz

Product Description:

UPC	Item Number	Description	Quantity / Case
8 09523 80145 5	80145	Furniture Polish – Lemon Scent	24
8 09523 80146 2	80146	Furniture Polish – Potpourri	24
8 09523 80147 9	80147	Furniture Polish – Orange Scent	24

Section 2. Ingredient Information

Ingredient Name	CAS Number	Percent of Total Weight
WATER	7732-18-5	86 ~ 93%
BUTANE	106-97-8	5 ~ 6%
PROPANE	74-98-6	
ISOBUTANE	75-28-5	
FRAGRANCE OIL	Proprietary	1 ~ 5%
SYNTHETIC WAX	Proprietary	1 ~ 3%

Section 3. Hazards Identification

Emergency Overview:

May cause eye irritation, contents under pressure.

Potential Health Effects:

(see section toxicological for detail information)

Primary Route(s) of Exposure:

- (x) eye
- (x) skin contact
- () skin absorption
- (x) inhalation
- (x) ingestion

Signs and Symptoms of Overexposure:

Eyes: May cause eye irritation. Symptoms may include redness and pain.

Skin: May cause mild skin irritation. Symptoms may include redness.

Ingestion: May cause mouth, throat and stomach irritation. Symptoms may include nausea, vomiting and diarrhea.

Inhalation: High concentrations of vapor or mist may cause nose, throat and respiratory tract irritation. Symptoms may include coughing.

Medical Conditions Aggravated: May aggravate pre-existing eye, skin and respiratory conditions.

Section 4. First Aid Measures

Eye – Check and remove any contact lenses. Immediately flush eyes with running water for at least 15 minutes, keeping eyelids open. Seek medical attention.

Skin – Wash contaminated skin with soap and water. Wash contaminated clothing before reusing. If irritation occurs, seek medical attention.

Ingestion – Ingestion from an aerosol product is unlikely to occur. Do not induce vomiting. Seek immediate medical attention.

Inhalation – Allow the victim to rest in a well-ventilated area. Oxygen may be administered if breathing is difficult. If irritation or difficult breathing persists, seek immediate medical attention.

Section 5. Fire Fighting Measures

Flammability of the Product – Non Flammable

Fire Fighting Media and Instruction:

Small Spill: Use dry chemicals, CO₂, alcohol foam or water spray.

Large Spill: Use dry chemicals, CO₂, and water spray foam. Cool containing vessels with water jet in order to prevent pressure build-up, auto ignition or explosion.

Protective Clothing (Fire):

Fire fighters should wear positive pressure self-contained breathing apparatus full turnout gear.

Special Remarks on Fire Hazards:

Container explosion may occur under fire conditions or when heated. Vapor may travel considerable distance to source of ignition and flash back.

Special Remarks on Explosion Hazards:

Container explosion may occur under fire conditions or when heated.

Extinguishing Media – Foam, carbon dioxide or dry agent.

Fire Fighting Procedures – Keep container(s) exposed to fire cool, by spraying with water.

Unusual Exposure Hazard – May explode if heated above 50c.

Section 6. Accidental Release Measures

Floors may be slippery. Use care to avoid falling. Remove ignition sources. Contain and isolate spill. keep Non-essential personnel from entering spill area. Use mop, absorbent and non-sparking tools to collect material for proper disposal. Rinse area with water.

Section 7. Handling and Storage

Handling:

Follow label use directions. Do not mix with other chemicals unless instructed by label directions. avoid contact with eyes. Use with adequate ventilation. Use spark-proof tools. Do not expose to heat. Do not use near sparks, flames or pilot lights. Do not puncture or incinerate container. wash thoroughly after handling. Remove contaminated clothing. Wash clothing and equipment before reuse.

Storage:

Keep container closed when not in use. Store away from direct sunlight. Keep away from heat, sparks and flame. Do not store at temperatures above 120 f (49 c).

Section 8. Exposure Controls/Personal Protection

Engineering Controls:

Good general room ventilation is expected to be adequate. If user operations generate vapor or mist, ventilation should be used to keep airborne concentrations below exposure limits.

Personal Protection:

Eye: Where eye contact is possible, wear safety glasses with side shields or chemical splash goggles.

Skin: Where prolonged or repeated contact is possible, chemical-resistant clothing (e.g., gloves) is recommended.

Respiratory: No respiratory protection is required if ventilation is adequate.

Section 9. Physical and Chemical Properties

Physical State:	Aerosol
Odor:	Fruit
PH:	7.0
% VOC by Weight:	<17%
Vapor Pressure:	50-54 psig at 64 deg. c (18 deg. f)
Vapor Density:	Not Determined
Boiling Point:	Not Determined
Freezing/Melting Point:	Not Determined
Solubility in Water:	Dispersible
Evaporation Rate:	Not Determined
Specific Gravity:	Not Determined
Viscosity:	Water Thin
Octane/Water Partition Coefficient:	Not Determined
Odor Threshold:	Not Determined

Section 10. Stability and Reactivity

Chemical Stability: The Product is Stable
Conditions of Instability: Unknown
Incompatibility with Various Substances: Unknown

Section 11. Toxicology Information

Toxicity Data: No Data Available

Route of Exposure:

Skin Contact: Non Expected

Skin Absorption: Non Expected

Eye Contact: May Cause Mild Irritation

Inhalation: Deliberate in halation of concentrate vapor or mist may cause headaches

Ingestion: Not an expected route of entry. ingestion may cause nausea, vomiting, dizziness, gastrointestinal irritation.

Target Organ(s) or System(s): Central nervous system

Signs and Symptoms of Exposure:

Exposure can cause: CNS depression. light headedness, giddiness, shortness of breath, possible narcosis and possible cardiac arrhythmias at high concentrations. May cause frostbite on direct contact. Use only as directed. Intentional misuse by deliberately concentrating vapors and inhaling contents can be harmful or fatal.

Section 12. Ecological Information

No Data Available

Section 13. Handling, Disposal Considerations

Handling and Storage Precautions - Store in an area inaccessible to children and pets. Keep out of reach of children.

Handling and Storage Precautions - Store in a cool, dry place away from heat and open flame.

Storage Precautions - Keep away from heat, sparks, flame, and other sources of ignition (IE, pilot lights, electric motors and static electricity).

Work/Hygienic Practices - None Required

Disposal - Dispose only in accordance with applicable federal, state and local laws and regulations.

Section 14. Transportation Information

Proper Shipping Name: Aerosol

Class: 2.2

U.N. NO.: 1950

Hazard Material: Non-Flammable Gas

Section 15. Other Information

THIS INFORMATION IS PROVIDED IN GOOD FAITH, BUT NO WARRANTY, EXPRESSED OR IMPLIED, IS MADE. THE MANUFACTURER BELIEVES THAT IT IS ACCURATE AND TO THE BEST OF ITS KNOWLEDGE, AND RELATES ONLY TO THE SPECIFIC MATERIAL DESIGNATED HEREIN.

MSDS CREATION DATE: 1/2013
